

# Saint Rose of Lima Academy

*Respect, Love, and Education Through Christ*

Mrs. Fonte's first grade class has been very busy learning many things and completing many interesting projects!

The first grade celebrated Johnny Appleseed's birthday by making applesauce. The children read about Johnny Appleseed and how apples grow. We then compared all the different apples that they brought in to class. We all cut up the apples into small pieces and then we watched them cook in the microwave. Our classroom smelled wonderful. After it cooled we all had a taste. It was a great day.

The first grade has been busy learning about God's wonderful creation. After reading and praying about everything that God has given to us, we worked with Model Magic and created our favorite things that God has given us.
