

# SUMMER

## SKILLS TO PRACTICE

### FOR INCOMING SECOND GRADERS

- Counting and Number Patterns
- Addition
- Subtraction
- Comparing
- Mixed Operations
- Money
- Place Values
- Estimation
- Patterns
- Data and Graphs

In addition to making practice exciting, IXL is designed to help your child learn at his or her own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. All of your child's results will be saved, so you can monitor his or her progress anytime by clicking on the *Analytics* tab at the top of the page. For on-the-go practice, you can download IXL's free tablet apps for iPad, Android, or Kindle and sign in with your child's username and password.

I hope you'll encourage your son or daughter to use IXL regularly. Here's to a year of working together to make learning fun for your child!

Sincerely,

Mrs. Carangelo
